## NEW LAUNCHES

### RESCUE TEAM

Rough, unruly hair meets its match with KEVIN.MURPHY, a leading international haircare and styling brand, now available in India. The sulphate, paraben and cruelty-free products are loaded with antioxidants and nutrients; our favourite from the lot are the LUXURY.RINSE, a deep conditioner for coarse hair, and EASY.RIDER (both

₹ 2,975), a flexi-hold anti-frizz crème.

### YOUTH BOOST

Turn to potent phytochemical remedies for a young, flawless complexion. Natio Ageless Dual Action Cleanser and Exfoliator, ₹ 1,010, is great for removing dead, dull skin, prepping it to absorb products better. Follow with Epique Advanced Balancing Day Cream, ₹ 3,500, to lift contours and diminish fine lines.

## RIDE THE WAVE

We wish each day was beach day, but sadly, that's not happening. We can, however, offer an experience that brings you closer to the bay life and keeps you fit, too. Surfset Fitness brings the two together by making workouts a lot more fun using a surf board. You burn up to 800 calories in a single 45-minute

session — it fuses Pilates, plyometrics, and yoga to build lean muscle and get a ripped core. The tricky part is maintaining balance on a wobbly surfboard but it's still super exciting and definitely worth giving a shot. Surf's up!
